

OVER TWO MILLION

Dollars Local Deposits in
Wichita Banks Yesterday.

HEAVIEST EVER KNOWN

Kansas National Takes in
\$96,000 in One Day.

Yesterday there were in the banks of Wichita in local deposits, considerably more than two millions of dollars, nearly two and a half. The entire week has been extraordinarily heavy with the banks, and the forces will have to be increased or continue working till late at night, as they have been for several days. Tuesday the deposits at the Kansas National bank were \$96,000, the heaviest day's business in the history of that institution. Wednesday the amount ran up to \$97,000, a very heavy figure for one of four banks in a city of 25,000.

"Business conditions in Wichita," said Cashier Martin of the Kansas National, "are remarkably strong and indicate unusual activity for the months in the future. We have had the largest day in the history of the bank this week, every day showing a great advance over corresponding days of a year ago. It is the result of normally improved business conditions. Wichita is simply growing better. Everybody is making money and more people are getting next to the fact that Wichita is to be the commercial center of the southwest and they are coming here right along."

President Natfager of the Fourth National, says the deposits in his bank this week reached the highest in its history. Same is true of the National Bank of Commerce. And the average of the week shows a steady increase, so that it is plainly proven that the unprecedented large deposits are not due to any temporary rush or any unusual condition.

BOY HAS HIS LEG BROKEN

Willie Walton Victim of Runaway on
Water Street.

Willie Walton, the son of W. E. Walton, had his right leg broken just below the knee as a result of a runaway yesterday afternoon about 2:30 o'clock. He was in company with his father and another boy had left the fair grounds with a load of sheep. They were driving up Water street and had reached the 1200 block when a young man in a buggy passed them. The buggy skidded to the side and threw the wagon and contents into the ditch, then ran a short distance up Water street and was stopped. Other than a strained hand for the father, no other damage was done. Mr. Walton lives near Newton. The boy was removed to St. Francis hospital where the limb was set in place.

"I had a running sore on my leg for seven years," writes Mrs. Jas. Forest of Chippewa Falls, Wis., "and spent hundreds of dollars in trying to get it healed. Two boxes of BANNER SALVE entirely cured it." G. Gehring, 40 E. Douglas; Geo. Van Werden, 25 N. Main; Wichita Drug Co., 119 E. Douglas; Gus Sauer, 324 E. Douglas.

WANT COLORED SOLDIERS

Two Wichita Students Leave for Re-
cruits in the Philippines.

Sergeant W. P. Bolt of the recruiting station on North Main street, received a telegram yesterday stating that the recruiting of colored soldiers would begin for the Twenty-fourth regiment of United States Infantry for tropical service. Should men be secured at this place they are to be sent to Fort Wright, Washington. Wichita's colored men do not seem anxious to go to the front in the army service, as heretofore there have been no recruits for other regiments.

A number of men were sent yesterday for service in the Philippines. The men first went to Fort Wright, Cal., where they receive the proper training to make thorough soldiers out of them.

The recruits who left for California are: Harry C. Munson, Klamath; Drue C. Wilkes, Crocker, Mo.; Oscar W. Hoop, Mo.

Kan.; Avery B. Wright, Keok, Kan.

Two of the young men who enlisted for the foreign service were formerly students in Wichita educational institutions. Oscar W. Hoop graduated from the academic department at Fairmount college last spring. Avery B. Wright was a student in the preparatory school at the Friends' university for two years and was quite active in athletics. This movement on the part of the young men was quite a decided surprise to their friends. However, the predictions are that the young men will be at the front should there be any active service in their part of the country.

WHERE THE REAL CREDIT BELONGS.

Great credit has been given the allied generals in China for prompt action in saving the Americans at Peking, but the credit of saving thousands of American citizens dragged down in health to death's door by the long trying months of the hot weather belongs to the prompt action of Dandelion Bitters. The quick-acting and most satisfactory general system tonic ever made.

Indigestion, liver and kidney troubles, low malarial fevers, dizziness, fainting spells, melancholy, poor appetite, sleeplessness, all indicate a dangerous condition of the system, which requires an immediate tonic up to prevent some of the contagious diseases. Dandelion Bitters digests your food, and is the best tonic known. Especially recommended for all female troubles and for mothers worn out with the care of a nursing baby. It makes sick people well. Try it now and be convinced. J. P. Allen, Dockum & Higginson, George Van Werden.

PUTTING IN HEATING PLANT

Work on Missouri Depot Has Inter-
esting Features.

The principal feature at the Missouri Pacific depot is the work now in progress for the heating apparatus. The walls for the new boiler are to be twenty-one inches thick, cemented with hard cement and filled with fine pieces of rock, making the structure fireproof. The new water basin in the basement is an interesting part. This is so constructed that in case of high water in the river, water flowing into the engine room will be caught in the basin and immediately pumped out, thus keeping the basement in good condition.

The work is being pushed as rapidly as possible, the walls are assuming a handsome appearance. Visitors in the city during the week have made many comments regarding the new structure.

Allen Halverson of West Prairie, Wis., says: "People come ten miles to buy FOLEY'S KIDNEY CURE," while J. A. Sperry of Helmer, Ind., says: "It is the medical wonder of the age." G. Gehring, 40 E. Douglas; Geo. Van Werden, 25 N. Main; Wichita Drug Co., 119 E. Douglas; Gus Sauer, 324 E. Douglas.

CONSTRUCTION IS STOPPED

Fairmount Car Line Awaits Arrival
of New Ties.

The work of constructing the Fairmount car line on Hillside has again been delayed by the non-arrival of ties for the track. The grading has been completed, and the new ties are expected to arrive this morning, and if such is the case the work will be resumed.

The poles for the trolley wire will be placed in position during the next few days. The trolley wire will be placed on the track until the track work is completed, owing to the failure to receive the material for the new track as quickly as wanted. It will be impossible to get the line into operation until several days after the date first named.

COMMODORE WOOD LEAVES

Officers Wanted Him and His Depart-
ure Is Sudden.

Commodore Wood, a well known character at police headquarters, left Wichita yesterday morning without any unnecessary ceremony. It is reported that the officers were after him, but through the advice of friends Wood slipped out of a window and hurriedly left for parts unknown. It even seems that his acquaintances were anxious for his escape, for they only urged him on in his undertaking.

Wood has been one of those fellows who is always in trouble. Even his wife complained of being beaten by him. Those who know him hope that his departure will bring an end to his troubles and that he will find a place where rock-piles, city corner and county jails will not be his resting place.

SKILL, SCIENCE AND EXPERIENCE

The Equipment of the Twentieth
Century Specialists.

These three endowments, skill, science and experience, are the necessary qualifications of the up-to-date specialist, whether in medicine, law, engineering or any other calling. Good results must logically follow the employment of these qualities. Good results follow the efforts of the old Scotch Doctor and his colleagues in curing obstinate and chronic diseases, because these physicians of the Hovey Medical association have especially prepared themselves for their life work by specialization. Their services are now at the disposal of all. Their office is on the 12th floor of the Zim-merly building, rooms 11, 12 and 13. Their results, cures, are already speaking for themselves.

TELEPHONE COMPANY IMPROVES

Manager Meredith Moves His Office
on Account of Rush.

The Missouri-Kansas Telephone company are pushing the work in the placing of the new switch board in position. The work will be entirely completed by the latter part of the month and Wichita's service will be in splendid condition.

During the time of the placing of the new board in position Mr. R. Meredith of the local office has removed his office to the third floor of the Zim-merly building, at 11, 12 and 13. At that place he is transacting the usual business of the company.

New cables for the business here are being put up and each contains 10 wires.

DALE FOR CONGRESS

Boom Sprung to Trouble the
Duval Men

IN SEDGWICK COUNTY

How Democrats Plan to Throw
Vote to Duval.

An effort to instruct the Democratic delegation for Judge Dave Dale for congress will be made in the Democratic convention today or at least such a scheme has been put on foot. It is well known that Colonel Thomas Fitch has his plans laid to secure the endorsement of the convention and nobody disputed his work until Thursday, when the men who are hot because of the way Campbell has been treated sprung a boom for Dale just to trouble the men who want to instruct the delegation for Fitch. A number of Dale's friends took the matter up and are working for him in earnest. They are going so far as to bolster up the Dale boom by saying that he is not disqualified for making the race or serving in congress by being laid in an official position, as congress is the sole judge of the qualification of its own members.

Clair Fairchild of Kingman, who was regarded as a strong candidate in the Populist party before the Great Bond convention has been here for two days working up sentiment for an entirely new man and yesterday announced himself for Dale. The Kingman county delegation will be able to throw the vote of that county to any man he will favor. He is not in the race himself and says so, but he will place the vote of Kingman county wherever he sees the most for Kingman county political.

It is hardly probable, however, that the Dale movement will make any considerable showing for the Tammany crowd is behind for the number of votes he claims at this time. It is acknowledged that he has now has twice as many delegates under promise for next week's convention but it is also conceded that if he can not get the nomination on either the first or second ballot that he can not win. The plan is to take an entire new man and to have him elected on the first ballot by the throwing of Sedgwick. Summer, Kingman and Harper counties to his support the trick will be turned. All these counties have selected delegations for a new man with the same idea that to control the selection of the Sedgwick county delegation today. It is a Duval scheme and has been worked wherever it has been impossible to get outright instructions for Duval.

The plan was formed in Wichita by Mr. Duval and Chairman George Pitts of Washington in consultation with Tammany leaders here and four or five Democrats from different parts of the district. At the same time a plan was put on foot to have a Populist delegation selected from Sedgwick county that could be controlled by the Democratic delegation from here and when the delegation at Hutchinson have the official delegation to also vote for Duval. If Duval can not be nominated on the first or second ballot it is conceded by those most enthusiastic of his friends that he will not be able to make it at all and then Colonel Thomas Fitch of Wichita will get into the race in earnest. He will well men, what few there are among the Democrats here, assisted by Campbell Populists, sprung the Dale boom to make trouble for Tammany and the Fitch men and they may be able to break the plan in today's convention. If there are no instructions today it will be a great deal more difficult to throw the vote to Duval at Hutchinson and their purpose will be accomplished. The Campbell people, if they can not accomplish his nomination, will not good humoredly see the renomination of Duval.

E. C. Wilmut Still Suffers From His

Accident.

Mr. E. C. Wilmut of Viola, who was injured at the corner of Market and Douglas by being run over by a horse and buggy, was resting much easier at the city hospital last night. His left hip which gave him so much pain was still giving trouble and he is not able to get around. Dr. Cave has charge of the case and thinks that within a short time his patient will be out. The bones are not broken and nothing more serious than some torn ligaments results unless there should be complications unknown of at this time.

HAVE HIS HEARING TODAY

J. W. Wilson in City Court on Charge
of Picking a Pocket.

The preliminary hearing of J. W. Wilson will come up in the city court this morning. Wilson is the man who is accused of picking the pocket of Mrs. Bond on the day of the hog rolling. He was placed in the city jail for a day or so and was taken to the county jail last night.

Wilson was fined \$10 in the police court for disturbing the peace, and will now have to answer the charge for which he is being held.

DIED OF HEART DISEASE

John Butler Passed Away Yesterday
Aged 61.

John Butler of 224 Waco avenue, this city, died of heart failure yesterday evening in his 61th year. He has lived in Kansas about thirty years and came to Wichita fourteen years ago. RESIDENCE PROPERTY SOLD

424 North Topeka Bought by A. P.
Norris for \$2,500.

The residence property at 424 North Topeka was sold yesterday to A. P. Norris, who desires to make it his permanent home, for the consideration of \$2,500. The sale was the consummation of the real estate firm of Nichols & Fuller, the property belonging to S. W. Cooper.

There is a heavy demand for residence property and many homes are being shown to people who desire to come here from other places.

TO LEVY SPECIAL TAX

Judge Hook Issues Writ of Mandamus
on Stevens County.

Judge Hook has issued a writ of mandamus out of the federal court here compelling the county commissioners of Stevens county to levy a special tax to pay a judgment of \$4,000. The case will be heard in United States court next Monday. The commissioners claim that it will be impossible to pay the judgment as the taxes are not so high that two-thirds of the land in that county has been sold under tax titles.

The bonded indebtedness of the county is \$85,000, and if a special tax is levied to pay this judgment the taxpayers will be asked to pay their taxes, as the holders of all the bonds would ask the same thing. This suit is brought in the name of the Municipal Trust company of London, England. If the special levy is extended the commissioners and Stevens county men claim it will bankrupt the county.

Starter Jordan Says They are as Good
as Any.

A. C. Jordan, the best starter ever employed by the race association of Sedgwick county, has attended race meets at Springfield and Racine, Illinois, Detroit, Michigan, and Covington, Kentucky, and he says the races here are just as good as at any of these places.

"You see just as good races here as at any place," he said. "At Detroit, Minn."

WOMEN! REMEMBER THIS.

In addressing Mrs. Pinkham you are communicating with a woman—a woman whose experience in treating woman's ills is greater than that of any living person.

A woman can talk freely to a woman when it is revolting to relate her private troubles to a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they should have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examination of even their family physician. It is unnecessary. Without money or price you can consult a woman, whose knowledge from 30 years' actual experience is unequalled.

Women suffering from any form of female weakness are invited to freely communicate with Mrs. Pinkham at Lynn, Mass.

All letters are received, opened, read, and answered by women only.

This is a positive fact—not a mere statement—easily verified—thus has been established the eternal confidence between Mrs. Pinkham and the women of America, which has never been broken, and has induced more than 100,000 sufferers to write her for advice during the last few months.

Out of the vast volume of experience which she has to draw from, she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Here are some of the cases we refer to:

A Woman who Doctored Eight Years and got No Relief Cured by Lydia E. Pinkham's Vegetable Compound.

"Before taking the Vegetable Compound I was troubled with irregular menstruation, and suffered great agony. My physician gave me morphine, and I remained in bed. I doctored eight years and got no relief, and the doctors told me there was no relief for my trouble. Finally I tried Lydia E. Pinkham's Vegetable Compound. While taking the first bottle I felt that I was improving. I have taken seven or eight bottles, and never had anything to do so much good. Every month my troubles have grown less and less, and now at this time I am cured." Ella Quinney, No. 22 Stage Street, Haverhill, Mass.

Another Woman Who Acknowledges the Help she has Received from Mrs. Pinkham.

"DEAR MRS. PINKHAM—The doctor says I have congestion of the womb, and cannot help me. There is nothing in the right side of abdomen, hip, leg, and back. If you can do me any good, please write." Mrs. Nina Chase, Fulton, N. Y., December 20, 1897.

"DEAR MRS. PINKHAM—I followed your instructions, and now I want every woman suffering from female trouble to know how good your advice and medicine is. The doctor advised an operation. I could not bear to think of that, so followed your advice. I got better right off. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and used three packages of Sanative Wash; also took your Liver Pills, as am cured." Mrs. Nina Chase, Fulton, N. Y., December 12, 1898.

Mrs. Voss cured of Periodical Pains and Perpetual Headaches by Following Mrs. Pinkham's Counsel.

"DEAR MRS. PINKHAM—I have been suffering for over a year and had three doctors. At time of menstruation I suffer terrible pains in back and ovaries. I have headache nearly every day, and feel tired all the time. The doctor said my womb was out of place. Would be so glad if you could help me." Mrs. Carl Voss, Sac City, Iowa, August 1, 1898.

"Please accept my sincere thanks for the good your advice and Lydia E. Pinkham's Vegetable Compound has done me. I did everything you told me to do, and used only three bottles, and feel better in every respect." Mrs. Carl Voss, Sac City, Iowa, March 21, 1899.

Mrs. Pinkham has Fifty Thousand Such Letters as Above on File at Her Office -- She Makes No Statements She Cannot Prove.

gan, you pay a dollar to get into the grounds and a dollar for the grand stand and the average of the races is not a bit better than at Wichita."

Mr. Jordan has been coming to Wichita for some years. He went from here to the races at Cherryvale, where he will do the starting.

MRS. SHERMAN DEAD

Died of Malarial Fever at Her Home

Mrs. Jacob Sherman died at her home, 23 North St. Francis, of malarial fever. She was sick but two days. The funeral services will be held from the home at 9 o'clock this morning.

Mrs. Sherman was beloved by an unusually large circle of friends and her sudden death is a shock, grief's hardest blow.

THEY "BALQ" AMERICANS

Wichita Boy Tells How Natives Act in Philippines.

John G. Williams, who left Wichita with Lieutenant Ulphre for regular army service in the Philippines last April, is now sergeant of company F, Second cavalry, at Tarlac, out from Manila. He describes how the natives "balq" Americans and rob them when an American is caught alone. He is letter follows:

Tarlac, P. I., July 25, 1899.

In compliance to the request of many of my Wichita friends and relatives, if you will allow me the space in your paper I will try to write a few lines which I hope will interest at least a part of the readers of the "old reliable Wichita Eagle."

The rainy season has already started in and the roads are getting in very bad condition, roads between many of the posts can not be traveled at all.

The weather is very hot, as usual, weather here is always hot, except that when it rains the air is a little cool for a very short time after and during the rain, just cool enough to be pleasant in one's shirt sleeve.

The trees and grass are always green and such a thing as frost is fully unknown. The nights, however, are usually cool enough to sleep comfortably between two blankets.

The natives are not very fond of work, hence a great many of them engage in robbing the better classes and occasionally killing an American when they find one out by himself; and sometimes the ladrones (robbers) are organized into bands of several in number and are often armed and attack small scouting parties of Americans. In such cases their party is invariably reduced greatly in number and the American scouts return to their quarters with a few extra guns, a few prisoners and whatever amount of the loot they have taken.

SHAKER CONCERT COMPANY.

Tonight the Shaker Concert company will render one of their celebrated, red letter double bill programs and give away presents, valuable and useful, to some members of the audience.

In addition to new songs, dances and instrumental music the play elephant will be seen in the closing sketch. This alone is worth the price of admission, one dime, which also gives an opportunity to carry away a present. Seats free. Doors open 7:30; curtain rises 8:00.

Those who received presents on Wednesday night last were: Miss Bessie Dyer, 41 North Main street, silver cake box; Miss Ellen Dunn, 118 East Eighth street, gold ring, emerald and pearl setting; Mr. Roy Wilbur, 147 South Water street, set silver knives and forks; Miss Zella O'Brien, silver cracker jar; Mr. H. Southwell, 10 South Water street, set silver knives and forks; Mr. Clarence Williams, 319 South Wichita street, massive silver ice water pitcher.
